Coloured Tiles

AKW's new coloured ceramic tiles have been introduced to increase our existing range of tiles and accessories. The coloured options are digitally printed with a stone-effect and can be used as a bathroom wall or splashback tile.

- + Consistent finish on all tiles due to being digitally printed
- + Ceramic material that is easy to cut and install
- + Suitable for all indoor rooms domestic and commercial
- + Four new colours on offer in 8mm thickness

Tile Backer Boards

- + Extremely strong and durable
- + Smooth glass fibre reinforced surface
- + Lightweight extruded Polystyrene core
- + Great insulation solution for wet rooms and dry lining buildings
- + Creates a waterproof barrier behind the tiles
- + Smooth face is ideal for tiling onto as soon as panels are installed. Provides a base that ensures maximum adhesion of adhesive or grout
- + Preferred by many local authorities to plasterboard

Tile Backer Boards provide a strong yet lightweight substrate base for applying tiles to walls. The boards can be fixed onto either timber or metal studwork in place of plasterboard. Often referred to as cement boards.
